

## Conference Overview

The Central Texas African American Family Support Conference (CTAAFSC) features interactive workshops and inspirational speakers on mental health, substance use disorder and intellectual and developmental disabilities. This conference helps to reduce stigma and confront bias while increasing access to care by connecting individuals with supports and resources. When people have a strong foundation of physical and mental health, they can reach their potential and contribute to a vibrant community.

The annual conference is hosted by Integral Care and sponsored by community partners from the public and private sectors. We invite you to support this important community conference.

## Why Sponsor?

- **To support** conference goals to increase awareness of available health care services to underserved populations and address healthcare disparities.
- **To inform** families, consumers, health care professionals and caregivers about services or resources you offer.
- **To be recognized** for your generous support in conference communications, including an email list of 3,000 people, our website and print materials.

## Sponsorship Opportunities

Conference sponsors have an opportunity to make a difference in someone's life. Your sponsorship makes it possible for us to offer a nominal \$15 registration fee to consumers and family members for this 2-day conference and help them get connected to local support and resources.
